

How to make a cotton ball sheep puppet

Four steps. You need a paper bag, cotton balls, glue, black card and a marker.

1

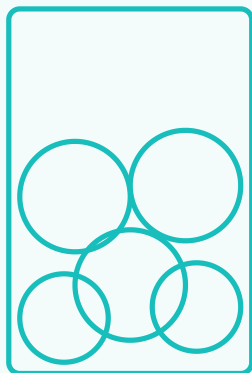

Lay a paper bag flat with the folded base at the top.

2

Glue

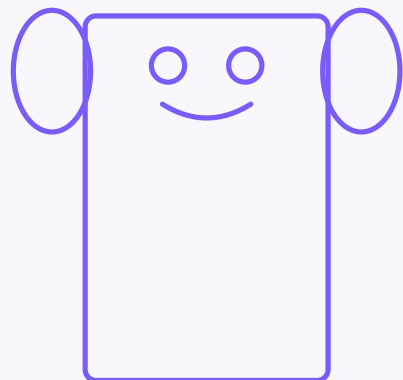

Cover the folded base with glue. That flap becomes the sheep's face.

3

Press cotton balls all over the body until no paper shows.

4

Add black card ears and draw two eyes on the flap.
